This Week / Next Week

This week the children took part in an assembly where I spoke about trying your best. We were mindful that it was Assessment Week. The children were encouraged to try their best in every lesson both this week and moving forward.

The children worked really hard on their Assessments and I am very proud of their progress. Please ensure your child is in school everyday up until the end of the Summer Term in order to produce enough evidence to support their final learning outcome. Thank you for your support.

Presentation week will take place next week. Please make sure you remind your child over the weekend to focus on their presentation skills for next week. Most improved and best presentations will receive certificates.

School Reports

Your child's school Report will be sent out week commencing 17th July. This will give you the opportunity to discuss it with the class teacher should you need to.

Dinner Menu Friday 26th May

Next Friday there will be a choice of fish fingers or chicken nuggets for the meat option.

I hope you all have a wonderful weekend.

Kind regards

Mrs K Maguire-Egan

Reducing our Carbon Footprint

THIS WEEK'S ENERGY SAVING TIPS

Unplug any device that is not being used.

Recharge batteries instead of throwing them away.

Shower instead of bathing. Baths tend to use a huge amount of hot water compared to a shower.
